

CAPABILITY STATEMENT

COMPANY DESCRIPTION:

Scott Realtime Reporting is a company that has **successfully** translated the spoken word into the written word using a stenograph machine or keyboard since 2004. By using the latest technology available, we are able to **conveniently** provide our services either on-site or remotely.

Although we built our reputation as a provider of **fast, accurate, and dependable** court reporting, medical transcription, and legal transcription services, we also specialize in CART (Communication Access Realtime Translation) and captioning.

KEY SERVICES:

Scott Realtime Reporting, LLC specializes in transforming speech-to-text in various ways, including: Depositions, hearings, medical records, meeting minutes, marketing research and surveys, focus groups, video production, podcasts, audio recordings, and more.

In addition, we are able to use our assistive technology services to provide access to equal opportunity education for individuals who are deaf or hearing impaired. Through our CART technology, people who are hearing challenged are able to live independent and inclusive lives. Further, entities including schools, businesses, or agencies are able to stay compliant with the American Disabilities Act (ADA), which recognizes CART as a reasonable accommodation for deaf and hard-of-hearing people.
